Inaugural Address

by Roland J. Desrochers

Delivered on January 4, 1961

But one short year has elapsed since I last stood here to speak to you. I think it has been a good year for Franklin and for us all. It has been a year of harmony, a year of history, and a year of accomplishment. Let me review briefly with you some of the accomplishments of this year just past.

1. Take a look around you, at the walls, at the ceiling, and at the floor and you will notice that this Auditorium has been completely redecorated from the floor to the ceiling. Those of you who were here last year will agree that we now have an auditorium of which we can be proud instead of ashamed as we were a year ago. Incidentally we also fixed the floors in the lower hall.

2. The School Department through a genuine spirit of cooperation with the City Council has finished the year in the black and has offered to return to the city some \$1800.00 which they had left after completing all of the projects which they told us at the beginning of the year had to be done. Is there anyone among you who can remember when the schools returned money to the city?

3. I am sure that all of you who have occasion to drive over our streets have noticed an improvement. Last year we rebuilt or resurfaced the following streets with a bituminous concrete pavement: Willow Hill, from the bridge to the start of the cement pavement - Prospect Street, from Central Street to School Street - School Street, from Elkins to Railroad Street - Intersection of Central and River Streets including the Sullo-way Bridge, so-called.

The following streets were rebuilt with 12" of gravel and/or a 3" mix-in-place: Webster Avenue, from Lagace beach to Griffin beach and the road from Griffin beach to Route 3-A - Hunt Avenue, Woodrow Avenue - Smith Hill Road - Carr Street - Dearborn Street - Davis Street - Beaton Street - Freedom Drive.

In addition to those the following streets were seal coated with tar: Thompson Park - Victory Drive - Independence Avenue - Church St. - Calef Hill Road - Adams Avenue - Terrace Road - Wood Street - Kendall Street - Franklin Street - Elkins Street - River Street - Grove Street - Edmunds Street - Winnepesaukee Street - and West High Street - Railroad Street.

4. We purchased a new ten wheel drive truck for plowing snow, a new Sander which is now a one-man operation, we repaired our Grader at a cost of roughly \$2,000 instead of spending about \$20,000.00 for a new one, we made extensive repairs to our old trucks which allowed them to last through the year.

5. The Police Department Office was moved to the Old Water Works

Office which provides for a more efficient and orderly department. A new man was added to the department to give us the coverage which we needed on all three shifts. Of all the Court cases in the Franklin court the State Police used to be the complainant in about 80% but now this past year the Franklin Police have been the complainants in about 70% of the cases. This only serves to point out that our Police Department has become more efficient in the performance of their duties.

6. The new Aerial Ladder truck for the Fire Department has been delivered and it is one of the best additions possible to our Fire Protection equipment. If we never have to use it, I will be very happy and will feel that it was \$35,000.00 well spent.

7. The industrial picture in Franklin, with the completion of the Acme Staple plant, is at present very bright and we must do all that is necessary to keep it that way.

So much for the last year, now let us take a look at what is facing us this year.

SCHOOLS—We all know that the School Department will need more money than last year although this increase should not be too large as there were several items in their budget last year which will not recur this year. If the schools will be as honest and above board this year as they were last year I can see no conflict between the two bodies. However, I want to caution the School Board to be absolutely sure of the need for any money which they might request.

PUBLIC BUILDINGS—Our City Hall still needs a little work. We should have a new floor in the lobby and we will have to spend a few hundred dollars to provide a decent office for the Mayor, and believe me, it will not be an extravagant office. We are in need of some kind of curtains or backdrop for the stage.

POLICE—In the Police Department it is time to look into the purchase of a new cruiser. The present one is two years old and has been driven about 60,000 miles in addition to the many hours of idling time, and other repairs on this car are becoming an ever increasing burden.

FIRE—So far as the Fire Department is concerned their equipment is all in A-1 condition with the exception of the Tank Truck which should be replaced this year. This however is not an expensive proposition.

PUBLIC WORKS—The Highway Department has equipment which is quite old and they are also in need of some additional equipment. The council recently authorized the purchase of two new trucks at a cost of approximately \$12,000.00. These trucks should be delivered this week. There is need in this department for a small backhoe-loader, a catch basin cleaner, another sander, and extensive repairs to the street sweeper. We can only operate this department with such a small crew if we have the proper mechanical equipment. However, these needs for this year will have to be considered with our ability to pay, and I am in no way recommending the purchase of any of this equipment at this time. Although our streets are

very much improved they still require very extensive repairs. Among these are Pleasant Street and Gile Road which should be our T.R.A. program for this year, Sanborn Street, Cheney Hill, and Central Street from the new pavement to the City line need to be resurfaced. Kendall Street needs rebuilding, and in addition we must continue to tar some of our streets in order to keep them from complete deterioration.

The repair of sidewalks is a project which can be put off no longer. Although money was appropriated for this purpose last year, due to the tremendous amount of work necessary on our streets, the sidewalk project was not started. We will do it this year.

PERSONNEL POLICIES—The personnel policies of the city in the past have been very vague and probably even unknown to some of us. I shall make recommendations from time to time during this year for the establishment of definite policies so that all of the city employees as well as city officials will know what our policies are. In line with this my first recommendation will be on vacations and holidays and this will be presented to the council for their study so that, if possible, it may be adopted at the February meeting.

BUDGETS—The budget of any city is a very important item. It is something which should be adopted at the earliest possible moment. Therefore, for the orderly and economical operation of the city I request that all budgets be submitted to the Finance Committee no later than the first of February. Four copies of these budget requests must be submitted.

I think that our overall expenditures this year will be somewhat lower than last year. We can look forward, again this year, to an increase in assessments because of new construction although the increase will in no way approach that of last year. Even with the lower expenditures and increased assessments this year I cannot at this time see any possible reduction in the tax rate; rather, if I were asked to make a prediction I would say that it might increase slightly. The reason for this being that we do not have the tremendous surplus of last year and our revenue from sources other than taxation will be substantially lower than it was last year.

In closing I want to thank last year's council for the fine cooperation which they gave me and for the excellent way in which they performed their duties. I also want to thank all department heads for the excellent cooperation which they gave me. Furthermore I thank you, the people of Franklin, for the faith which you have shown in me by electing me to this second term. I know that this year's council will be as good in every respect as last year's council and I am sure that they will give me the cooperation which I will need.

On behalf of the Council, City officials, and myself I want to wish each and every one of you a very Happy and Prosperous New Year.

Auditor's Report

CITY OF FRANKLIN, NEW HAMPSHIRE FOR THE YEAR 1961

January 22, 1962

To the Honorable Mayor and City Council
City of Franklin
Franklin, New Hampshire

Gentlemen:

Complying with your request and in accordance with the City Ordinances, we have made an examination of the books and underlying records of the City of Franklin for the year ended December 15, 1961. In this connection, we are submitting our report consisting of exhibits, supporting schedules and comments.

SCOPE OF AUDIT

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and of the supporting evidence as was considered necessary under the circumstances. Verification letters were mailed to a substantial number of outstanding Property and Poll Taxes. Except for the Taxes, Accounts Receivable and some year-end adjustments, the general books of the City are kept on a cash basis and hence reflect cash receipts and disbursements only.

BALANCE SHEET — GENERAL FUND EXHIBIT A

The Balance Sheet, General Fund discloses the financial condition of the City of Franklin as at the close of business December 15, 1961. The Comparative Balance Sheet, Exhibit A, Schedule 3, shows the increases and decreases in the various accounts between the years 1960 and 1961.

CASH ON HAND AND IN BANK—\$3,060.31

The cash on hand was verified by count as at the close of business December 15, 1961 while the cash in the bank was reconciled to both the bank statement and the independent verification received directly from the depository. All checks returned by the bank during this period were compared with the cash disbursements records and the receipts were traced to the bank deposits.

ACCOUNTS RECEIVABLE—\$3,841.31

A listing of the open Accounts Receivable and Accounts Receivable Parking Area Contracts was in agreement with the control. The 1961 charges for the Parking Area Contracts were accrued as at December 15, 1961. According to the terms of the contract, the billing charges to the participants should be made during the year and we recommend that this provision be followed.

TAXES RECEIVABLE—\$124,478.76

Exhibit A, Schedule 1, shows the activity in the tax account. The schedule also shows the differences between the control and the balances verified which are substantially the same as in the previous year. The cash receipt stubs representing collections on poll, property and head taxes were checked to the cash receipts records. We tested the postings to the Tax Warrant books. All abatements on property taxes issued during the year were traced to the warrants. In addition, several hundred verification letters were mailed to various accounts and any differences reported to us were thoroughly investigated. A substantial number replied concurring with the balances on the books.

The 1961 Tax Warrant was completely footed and proved to the control. The tax rate of \$49.60 per thousand, as approved by the State of New Hampshire Tax Commission, was confirmed by direct correspondence. Collection on the 1961 Property Taxes represented 85% of the levy.

UNREDEEMED TAX SALES—\$16,518.07

PROPERTY ACQUIRED BY TAX DEED—\$1,259.27

These items represent property acquired because of non-payment of taxes and were accepted as shown on the books.

HEAD TAXES RECEIVABLE—\$5,495.00

The above caption represents uncollected 1961 head taxes and are payable to the State of New Hampshire when collected. A substantial number of the head taxes were circularized along with the poll taxes.

DUE FROM THE STATE OF NEW HAMPSHIRE—\$1,401.00

The amount due from the State of New Hampshire on the 1961 Railroad Tax was estimated to be \$1,400 and appears to be reasonable. The balance is due on bounties.

TEMPORARY LOANS IN ANTICIPATION OF TAXES—\$100,000.00

This item represents the balance due the First National Bank of Boston on borrowings in anticipation of taxes and was confirmed directly with the bank.

This liability is \$50,000.00 lower than the balance at the end of the preceding year. Every effort should be directed towards the complete liquidation of this obligation.

RESERVE FOR HEAD TAXES—\$6,662.50

The Reserve for Head Taxes records the City's liability to the State of New Hampshire on 1961 Head Taxes and is liquidated with the collection of the Head Tax Levy.

PARKING METERS—\$11,386.60

The balance in the Parking Meter account after being charged with various expenditures and transfers approved by the Council, is shown by the above amount.

SURPLUS—\$32,475.64

Exhibit A, Schedules 2, 2A and 2B show the results of budgetary operation for the current year and further support the amount transferred to

Surplus. The net increase in Surplus was \$14,197.91 which is largely attributable to the excess of actual revenue over estimated revenue and the unexpended appropriation balances.

BALANCE SHEET — GENERAL INDEBTEDNESS

EXHIBIT B

The Balance Sheet, General Indebtedness, discloses the City's liability with respect to bonds and long-term notes as at December 15, 1961. Exhibit B, Schedule 1, details the indebtedness.

The cash in the various banks was reconciled to both the bank statements and the confirmation received directly from the depositories.

The amount due from the Water Works is offset by the Water Works bonds shown on the liability side of the Balance Sheet. The Water Department liquidates this liability from its own funds.

All of the bonds and coupons cancelled during the year were produced for our inspection.

BALANCE SHEET — TRUST FUNDS

EXHIBIT C

The Balance Sheet, Trust Funds, records the Assets and the sources of such Assets in the custody of the trustees of the Trust Funds.

CASH IN THE BANK—\$40,953.37

The cash in the commercial banks was reconciled to the bank statements as well as the confirmations received from the depositories while the cash in the savings accounts was verified by an examination of the passbooks and confirmation from the savings banks.

INVESTMENTS—\$167,556.44

The securities shown on Exhibit C were examined in the presence of a trustee of the Trust Funds.

OVERSEER OF THE POOR—STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS

SCHOOL DISTRICT—STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS

PUBLIC LIBRARY—STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS

We examined the books and records of the above departments and reconciled the bank statements as at the close of the year. The cancelled checks were compared with the cash disbursements records.

Since the departmental records are kept on a cash basis, any unpaid invoices are not reflected in the above schedules. The unpaid invoices in the School Department were \$510.87 as compared with \$1,749.14 the preceding year.

PAYROLL

All payroll checks cancelled during the year were examined and the total payroll charges were proved to the appropriation accounts.

CITY CLERK

We tested the books and records in the office of the City Clerk and traced the daily register tapes to the cash receipt book. In addition, we tested the entries on the automobile permits, dog licenses as well as other business licenses.

We wish to express our appreciation to all the City Officials and the members of their staffs for the cooperation and courtesies extended us during the audit.

Respectfully submitted,

Riccio and Clements

Franklin Public Library

REPORT FOR 1961

The fifty-fourth year of the library's service to the community has proved busier than ever. Our circulation of various types of library materials totaled 54,085 items, chiefly books and magazines; but pictures, maps and pamphlets are borrowed frequently. There are times when the latest or the only information on a subject appears in pamphlet form. This explains why the filing system for such items has grown to five four-drawer cabinets during the more than fifty years this library has been serving Franklin and vicinity. The children's room accounted for 18,321 of the total circulation for the year. There were 777 volumes added, of which 157 were juvenile titles, with 73 of the number having been received as gifts. The discard of 527 titles, worn-out or lost books, leaves the book collection numbering 31,776 cataloged volumes.

The reading score for 1961 stood at 8.02 per capita, with that per borrower at 13.9 books. The reading average by type of books was 37.9% adult fiction, 28.3% non-fiction, while juvenile reading figured at 33.8%. Three volumes were added to the Memorial Book Shelf. The reading room supplies readers with eight daily or weekly newspapers, and two racks offer 169 current magazines, of which 55 subscriptions were gifts. The use of current and back numbers of magazines continues high, with a circulation of 4,107 copies.

The registering of 453 new borrowers, of which 102 were non-residents, is evidence of the appeal the library makes to people. There were 274 cards withdrawn after three years of inactivity, leaving a list of 3,873 active borrowers, which was 179 more than at the close of 1960.

Annual Book Week in November brought the usual visitation of boys and girls and their teachers, nearly four hundred coming to see the new juvenile books, also fresh copies of old favorites, kept on display in the children's room during that week. There were 63 collections of books loaned to teachers during the school year, with a total of 910 books in these schoolroom loans.

As customary, summer hours were in effect from the close of schools in June until the reopening of schools after Labor Day. Group loans of light fiction, mysteries and western stories have been made to neighboring small libraries. Interlibrary loans have accounted for 151 books borrowed from the State Library, while our library has loaned 30 titles upon requests from the State Library. A silent book auction the last two weeks of August added \$97.52 to the book funds, with over 70 persons bidding and securing 1-10 books per person. Colored movie films loaned by the Canadian Government are quite in demand in this area, with the year's record of 54 showings to 1,938 viewers.

The bookmobile service from the State Library has continued to provide Franklin with an exchange of all kinds of books—fiction and non-

fiction for both adults and children, when the bookmobile calls every ten weeks. This has meant the use of 1,046 additional books to give readers the privilege of greater choice in their selection of reading material.

There have been three excellent special collections of books from the State Library on Child care, Careers, and World affairs. Among exhibits arranged at the library have been Civil War souvenirs, lace making, early Franklin scenes, coins and paper money, Shaker Village and Happy Valley views in Canterbury, the Morning edition of the New York Herald after the assassination of President Lincoln the previous evening, the Isles of Shoals, the S.S. Constitution, covered bridges, and foreign Christmas cards.

An interesting library project this year has been the story-telling course given in Laconia by Miss Siri Andrews of Concord. Mrs. Elizabeth Krueger and Mrs. Harriet Smith volunteered to take the course provided by the Shieling Trust through the State Library. Four classes were held during April and May. The volunteers agreed to conduct a planned program of story telling in the library for at least one year. Beginning in September story hours have been held regularly in the Draper room the last Saturday morning of each month. The January-February 1962 issue of North Country Libraries (a joint N. H.-Vt. publication) will contain an article on story telling with illustrations of story hour groups, one of which will be a picture of a Franklin story hour with Mrs. Krueger telling a story.

The library was thoughtfully remembered in the will of the late Alice M. Shepard who had served as a library trustee for twenty-five years. The bequest of \$2,673.92 was left to the library, to be set up as a memorial fund in the names of Alice M. Shepard and that of her husband, John S. Shepard. A number of interested friends have donated welcome gifts of books, magazines, local pictures and maps, cash, and other items of use to the library. Miss Lina W. Berle of Boscawen presented the library with a gift of 100 books of fiction and non-fiction, including several fine art books. Mr. R. W. Sulloway, Mrs. Herbert W. Kenway, and Miss Polly Hunt have been most generous with gifts of books from their personal libraries. It was pleasant to receive from Miss Kathleen Keegan a copy of "Juliette Low", by Mildred Martin Pace. This book was presented to Kathleen by the Swift Water Girl Scout Council for her prize-winning essay "The History of Girl Scouting in Franklin." The library was glad to receive a copy of the essay. Other members of Girl Scout Troop 275 attended the presentation ceremony in the Draper room.

The 1961 edition of Encyclopaedia Britannica, 24 volumes, was an important addition replacing the 1951 edition. The library publicity appearing in the Journal-Transcript and the Concord Monitor has been appreciated, also the repairs given our Canadian films, when necessary, by Mr. Baston of the high school faculty and his trained student operators.

A much needed and well-done job of repointing the necessary spots where repairs were needed in the outside masonry of the building was done by the firm of Johns & Johns Contractors, Inc. of Concord, at a cost of \$469.00.

Trustees and staff members have attended several out-of-town library meetings for either trustees or librarians. The library was closed by the trustees on May 11, so that the staff might attend the annual meeting of the New Hampshire Library Association at Conway. Several meetings of the Shieling Trust group have been attended by both librarians and trustees when valuable books have been chosen, to be shared by the five member-libraries of Belmont, Bristol, Canterbury, Tilton and Franklin. Regular book purchases through the cooperative book-buying plan handled through the State Library mean better discounts for these same five libraries.

The librarian is serving on the Personnel Committee of the Governor's Committee for Better Libraries. There are eight members, from different professions and places in the state, with Dr. J. Duane Squires of Colby Junior College, New London, as chairman. There are six other committees with assignments on subjects related to better library services in New Hampshire. This state study is being carried on following a survey of all New Hampshire libraries made by the Department of Government at the University of New Hampshire and the publication of its full report.

Library Hall is used by the Woman's Club as its regular meeting place. The Golden Glow Group uses the Draper room for its meetings, as does the Board of Library Trustees. Other groups or committees make occasional use of these meeting facilities.

The full-time members of the library staff have remained the same. Miss Linda Geiler and Miss Ann Taylor, who formerly shared the paging duties after school and on Saturdays, were succeeded by Miss Anne Keegan who became a regular page in May. Mr. Ralph Colcord, custodian of the building, and Mr. Arthur Tilton who cares for the grounds, have given the library and its surroundings their usual excellent care. During the illness of Mr. Colcord the latter part of the year the trustees were fortunate to secure Frank Piwonski who gave the building considerate and suitable care.

Again, it is expedient to mention the vital need for added space as our library collection grows and bequests of valuable books are received. The need should be recognized and plans made accordingly, in order to give more adequate, modern service to the community of Franklin in the near future.

I wish to thank the Board of Library Trustees for their interest and attention to the past and present needs for efficient service in this library, and further thanks to the members of the library staff as individuals with dedicated and professional interest in their daily duties that keep them in constant contact with the public they cheerfully and helpfully serve in so many ways.

Respectfully submitted,

MILDRED J. PEASLEE

Annual Report of the Superintendent of Schools

Personnel

We had a turnover of nine teachers this year. Mrs. Johnson, Miss Moulton, Mr. Annaldo, Mr. Graham and Mr. Robichaud took new positions outside the State of New Hampshire. Mr. McCormack and Mr. Stebbins are teaching in other New Hampshire towns. Mrs. Lagace and Mrs. Miller discontinued teaching.

The following teachers were employed to replace those leaving: Mrs. Kneeland, Mrs. Miles, Miss Smith, Mrs. Tolman, Mr. Day, Mr. Jangro, Mr. Kondrotas, Mr. Phelps and Mr. Young.

Curriculum

A committee of teachers spent the year developing an English-Language Arts Guide for teaching English in the Franklin School System. This was a follow-up of the two day workshop in September of 1960. The guide has been printed and is now in use.

This fall the Union Workshop held for two days prior to the opening of school focused attention on the teaching of Science in our schools. As was the case in Mathematics two years ago and English last year it is planned that this study will continue throughout this present school year culminating in a school guide for the teaching of Science.

Last year we instituted accelerated programs at two points in our school system for the benefit of the academically superior children. The first point was at the primary level. Some kindergarten children have been in a program of study to extend them academically for a year now. As first graders this year they are from one-fourth to one-third of a year further advanced in school work over what they would be without this program.

The second place this program started was grade seven. As a result of stepping up the mathematics in grade seven these children are now studying algebra as eighth graders. They are also being extended in science so that a new advanced science can be offered when they reach grade nine next year.

This program offers a real challenge to pupils who learn easily to extend themselves and put their school time to good use for their educational benefit.

To complete the offering in this program field we should now make provision for the children in the intermediate grades to do a more advanced type of work.

We believe that over the past two years there has been a substantial upgrading of our educational program from kindergarten through high school and as our pupils gain in educational accomplishment even more upgrading will be possible.

Repairs and Maintenance

Once again this year, repair and maintenance work accomplished has

been most gratifying. We have been able to keep our buildings clean and grounds maintained.

In addition to maintaining the grounds, the following work was accomplished: At the Rowell School an additional acre of land was cleared of woods adding to the playground area. While the equipment was still there, the debris that had been left in one area from the construction of the school was removed leaving the whole playground area clear.

The original playground area at Rowell School was graded, loam and fertilizer added and then seeded so that this area now has a good cover of grass.

At the High School area another section of steel bracing was cleaned of rust and painted and put in use for the football season. Planking was purchased and installed on four sections of the home bleachers also in time for the football season.

At this time one half of the bleachers that we have are now in top condition. We will continue with this project and hope to have it complete by September of 1963.

The interior of the Franklin High School was improved substantially by painting the top floor corridor, library and three classrooms; thirty-five window shades were purchased; fluorescent lights were installed in six rooms; chalkboards in the rear of four rooms were replaced with cork boards for displays; base moulding was replaced in the bottom and top floor corridors and a drinking fountain was installed in the gymnasium.

In the Junior High School two rooms were equipped with fluorescent lights completing all classrooms in this school with this type of light.

At the Hancock School a sink with drinking fountain was installed on the second floor; steel shelving was purchased and set up in the basement for storage of paper; windows in the old wing were all overhauled to stop rattling and heat loss during winter months; and the sign on the outside of the building was painted and relettered adding to the general appearance of the down town area.

In the Rowell School a large ventilating fan was installed in the kitchen; lights were installed outside the building on a time clock; and the school was wired for a public address system using speakers that had been obtained from war surplus when the building was constructed.

At all schools, in addition to the above list, it is a pleasure to report that all equipment that broke down during the year was put back in condition right away.

Transportation

In the annual report of last year reference was made to placing our school buses on a monthly maintenance plan.

This plan was carried out for the full school year of 1960-1961. It was found to be very practical and efficient. In terms of service, time loss amounted to one bus for four days this year where as prior to monthly maintenance, time loss amounted to one bus for over nine weeks.

As measured by cost, our school buses were operated during the school year 1960-61 at a cost of twenty cents a mile. There are no figures from the previous year to compare with this. However, those towns that

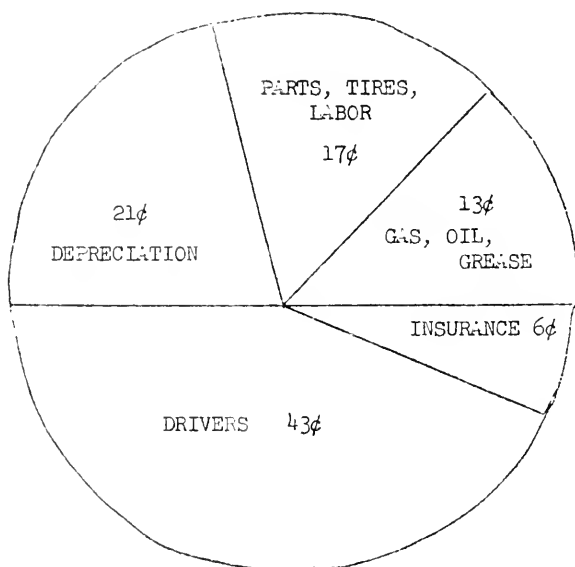

contract for transportation service usually pay from thirty-five to fifty cents a mile for school transportation.

The evidence in terms of keeping the buses on the road and cost per mile to operate them seems to substantially support owning and maintaining school buses.

As pupil enrollments increase, our school buses are becoming more crowded necessitating a stricter enforcement of the school board policy of providing transportation only for those who live more than one mile from the school they attend.

We operate five buses; one is two years old, one four, one nine and two are ten years old. Provisions should be made to replace these at regular intervals to level the financial burden over a period of years and to assure safety of transportation.

The graph below shows how each dollar was spent for transportation during the 1960-1961 school year.

Looking Ahead

At the time of this report the City Council has given their approval to the financing of an addition to Franklin High School. This addition when complete will enable the children of our City to have a truly comprehensive high school. The addition will enable those of us directly involved in education to present a program to all the youth of Franklin; diverse enough to reach all the talents and abilities that are found in any general school population.

In my annual report of last year, I stated that we expected 413 pupils to be enrolled in high school this year. When school opened in September

we actually had 450. This is 37 more than expected. Since this year's Senior Class has only 64 pupils at this writing we can look forward to another substantial increase in the fall of 1962.

Therefore, the major problem that will confront us in the year 1962 will be the proper staffing to realize the best potential from the new addition and to properly care for the swelling enrollment at the High School.

Attached to and a part of this report are the reports from our school principals and supervisors summarizing the work in their field for the year 1961.

Report of the School Nurse

Today, health is defined as total fitness for living. To have health for life is to have not only physical good health, but mental, emotional, social and spiritual good health as well. With this in mind the following activities were carried on during the past year:

In January, 1961, a new method of Tuberculin Skin testing was used in the Franklin Schools. This test we know as the Herf Sterneedle Tuberculin Test and was given to children in grades one, four, eight and twelve. Four hundred and thirty-four children, seven teachers and two lunchroom workers were administered the test. Forty-seven children showed a positive reaction to the test and were X-rayed at the March chest clinic.

All families of those children who showed a positive reaction to the Herf Tuberculin Test were tested and all positive reactors attended the chest clinic held in March.

A Diabetes Detection Clinic was held at the Senior High School on February 14 and ninety-two students were in attendance. All tests were negative.

On May 3, 4 and 5, a Poliomyelitis Clinic was held and 382 children were inoculated. At this time, many of the children inoculated received their fourth shot, which means that the school children are well protected. In addition, many children are inoculated by their own physician.

Our annual Toxoid Clinics, co-sponsored by the Franklin School Health Department and the Franklin Visiting Nurse Association, were held during the months of March, April and May with 254 children participating. This clinic is available for pre-school, kindergarten and first grade children.

A pre-registration clinic was held on May 25 and May 26 at which time 114 children were present. Twenty-one slips were sent home because of the inability of the parents to bring their children to the clinic. These children were given a vision and hearing test, as well as a physical examination by their own physician prior to entering school.

The Nurse's hot lunch program was started in March, 1947 with funds secured from the American Red Cross. Since that time, the program has been promoted by various organizations and funds received from the Melinda Tobie Trust Fund. During this past school year, 3,500 hot lunches were served to deserving children.

Approximately five out of every twenty boys and girls in school suffer from loss of hearing. Loss of hearing usually creeps up on a person very gradually. Therefore, there is only one sure way to detect a hearing loss and that is by a scientific hearing test known as the Audiometer. During the school year of 1960-1961, 1,254 children received the Audiometer test and, as a result, thirty-one children were found to have a hearing loss of ten per cent or more in either or both ears.

Good vision is of limitless value to children, yet millions of children in the United States have some form of visual difficulty, whether it be

farsightedness, nearsightedness, or astigmatism. Therefore, periodic eye examinations are essential in order to detect these defects. The number of children receiving a Massachusetts Vision test during the past year was 1,500. Children who do not perform satisfactorily at the testing level are referred to their own eye specialist for a more complete examination.

There is a growing consensus of opinion that the child's health is as important as his progress in school. It is for this reason that leading health educators recommend at least four physical examinations during a child's school career. Therefore, all children in grades kindergarten, four, seven and eleven are asked to have a physical examination by their family physician.

In addition, a physical examination is also required before any pupil may participate in the athletic program of the Senior High School. One hundred eleven pupils were examined prior to participation in athletics.

The pressure of today's living is showing its effects upon the school age child. This has caused an increase in emotional disturbances calling for more individual counseling by school personnel or the assistance of a psychologist. Mr. John Harmes, the school psychologist, visited the Franklin Schools once a month during the past year and interviewed a number of students and parents.

Due to the pressure of her work, Miss Mary Bullock, a physio-therapist from the New Hampshire State Board of Health, Concord, visited the Franklin Schools every three months. The total number of children supervised by Miss Bullock was thirty. Twenty of these children were checked at intervals during the year at the orthopedic clinics which were held at Concord, Manchester, and Laconia.

During the month of September, the children in the Junior High School and in all the elementary schools were weighed and measured. An inspection was also made to eliminate skin infections, pediculosis and to discover those children who had not met the New Hampshire law requiring small pox vaccination.

At this time I would like to impress upon the parents of the Franklin school children the importance of caring for their children's teeth. Many children visit their family dentist twice a year, but we find during the course of our inspections that many more children should be checked by their dentist.

At a meeting held in May, 1961, the New Hampshire Medical Association and the New Hampshire Athletic Association agreed on the need for increased protection for the health of students engaged in school sports. They decided that a physical examination, chest X-ray, a urinalysis, and two injections of antitoxin vaccine for the prevention of lockjaw would offer better protection. This program was started in September, 1961 with 97 X-rays taken, 172 injections of toxoid vaccine administered. Physical examinations, as well as urinalysis tests were given to ninety-seven students.

On November 1, a chest clinic was held with twenty-six people X-rayed by the New Hampshire Tuberculosis Association.

In addition to the above-mentioned health services, conferences were held throughout the year with teachers, pupils and parents.

It is my pleasure at this time to extend my personal gratitude to all persons and all organizations who have in any way contributed to the Franklin School Health Program.

Respectfully yours,

MARION MOYNIHAN, R.N.
School Nurse

RESOLUTION
NO. 7

In the year of our Lord one thousand nine hundred and sixty-one.

A resolution relating to vacations, holidays, and sick leave for full-time employees of the City.

Resolved by the City Council of the City of Franklin as follows:

I. That the policy of the City of Franklin relative to holidays, vacations and sick pay for employees of the City shall be as follows:

A. VACATIONS.

(1) All persons in the full time continuous employ of the City for six months shall be entitled to one week vacation with pay.

(2) All persons in the full time continuous employ of the City for three years shall be entitled to two weeks vacation with pay.

(3) The total full time continuous employment of each person shall be determined as of June 1st of each year. For the purposes hereof each person's credits for full time continuous employment shall be determined from the date when such employment commenced.

(4) Persons in the full time continuous employ of the City may qualify for one of the above vacation pay policies, but not both.

B. HOLIDAYS.

(1) The City shall observe the following legal holidays:

- | | |
|--------------------------|-------------------------|
| a. New Year's Day | January 1st |
| b. Washington's Birthday | February 22nd |
| c. Fast Day | 4th Monday in April |
| d. Memorial Day | May 30th |
| e. Independence Day | July 4th |
| f. Labor Day | 1st Monday in September |
| g. Columbus Day | October 12th |
| h. Veterans Day | November 11th |
| i. Thanksgiving Day | as appointed by law |
| j. Christmas Day | December 25th |

(2) If any of the said days falls on a Sunday, the following day shall be observed as a holiday.

(3) If any of said holidays falls on a Saturday only those employees

who are regularly scheduled to work on each Saturday shall be paid holiday pay and it shall be computed at the number of hours that they are regularly scheduled to work on Saturdays.

(4) All full-time employees of the City shall receive one day's pay for each of said holidays based on a working day of the number of hours which each employee is regularly required to work, but not exceeding eight hours.

(5) All full-time employees of the City who are required to work on any of the aforesaid holidays because the nature of their duties makes such work necessary, shall receive their regular pay for hours worked on such holiday and in addition thereto shall receive one day's pay to be known as holiday pay computed at the regular rate of pay and the regular number of hours worked in one day by such employee but not exceeding eight hours. Holiday pay of any full-time salaried employee of the City who is paid on a weekly basis shall be computed at one-sixth of the regular weekly pay of such employee.

C. SICK LEAVE.

(1) All persons in the full-time continuous employ of the City for a period of six months or more shall be entitled to ten days sick leave during each calendar year. For the purposes hereof, such determination shall be made on January 1st of each year and the first such determination shall be made as of January 1, 1961.

(2) Sick leave may be accumulated to a maximum of thirty days, which shall remain to the credit of the employee until used up by sickness or disability.

(3) Sick leave shall not be considered a privilege which an employee may use at his discretion, but shall be allowed only in case of sickness or disability of the employee.

(4) All sick leave must be approved by the department head, or Mayor and such approval shall be given only after receipt of satisfactory proof of sickness or disability.

II. That a certified copy of this resolution be forwarded to each department head of the City and be posted by each department head in a conspicuous place in his department.

Approved:

Roland J. Desrochers
Mayor

Passed: February 6, 1961

A true copy, attest:

Mildred S. Gilman
City Clerk

RESOLUTION NO. 11

In the year of our Lord one thousand nine hundred and sixty-one.

A resolution relating to insurance of the City of Franklin.

Resolved by the City Council of the City of Franklin as follows:

1. That all insurance of the City of Franklin shall be handled by and through Henry B. Trachy Agency, Inc. subject to the conditions stated in this resolution, unless and until otherwise authorized or ordered by the City Council:

2. That the insurance agency handling the insurance of the City shall retain one half of the commissions on said insurance, and shall divide the remaining one half of said commissions equally among the following named agents or agencies:

- a. Mrs. Ruth Shaw (Jean M. Shaw Agency)
- b. Eugene S. Daniell, Jr. (H. A. Griffin Agency)
- c. Mrs. Velma Dalphond (Velma Smith Agency)
- d. Armand A. Dubois (Armand A. Dubois & Associates Agency)
- e. Mrs. Eula Kelley (A. W. Frost Agency)

3. That no changes shall be made in the insurance coverage now afforded to the City by policies now in force or policies issued in renewal thereof, and no new insurance coverage shall be added without first receiving authority therefor from the City Council, except that any vehicles hereafter purchased by the City may be added for insurance coverage, and vehicles or buildings no longer owned by the City may be removed from existing or renewal policies covering the same upon written notification to the agency handling the insurance of the City signed by any department head of the City, Mayor, City Clerk or City Solicitor, and said agency shall send forthwith to the City Council a copy of all changes made in the insurance of the City.

4. That the agency now handling the insurance of the City designated as Henry B. Trachy Agency, Inc., be notified of the contents of this resolution by forwarding to said agency a copy of this resolution.

1961 Real Estate Assessments

This list contains the names of the owners of real estate in the City of Franklin, N. H., together with the amount for which each property was assessed for tax purposes as of April 1, 1961. The valuations, as listed, reflect any abatements made subsequent to the original assessments.

In reading the tabulations on this and the following pages note that asterisks (*) indicate taxpayers who are credited with a veteran's exemption under the law. Valuations show the net assessments after the exemptions have been deducted. In this tabulation the abbreviations "L&B" are used to designate Land and Buildings. Fractional parts of a dollar are not shown.
